**Health and Safety Risk Assessment and
Method Statement - Coronavirus**

Tenpin Bowling Venue at:

General Manager

16th December 2020

Introduction

The company will at all times prioritise the health of its employees, visitors and customers and will not, during the Covid recovery period, enforce employees to work under conditions in which they are not satisfied with the precautions being taken. Further, it will take the necessary steps to ensure that people are not put at undue risk by the activities of the company.

All reasonable precautions will be undertaken to protect the public from infection by following the government guidance (England, Scotland and Wales) and sector best practice guidelines.

This risk assessment covers the risks posed by the coronavirus to Tenpin employees, customers and visitors to its premises.

It should be read in conjunction with the relevant risk assessments that have been undertaken by the company and which apply to the general tasks being undertaken by Tenpin employees.

This assessment does not cover the work undertaken by contractors or other third party employees unless it directly affects Tenpin staff, customers or visitors to the premises. It is expected that any visiting contractor companies will have put into place their own control measures to protect their employees and reduce the risk of any infection spreading whilst at work.

Further assessment and procedures will be put into place when clarification and official advice is given for food premises.

Guidance and official best practice

This assessment has been conducted in accordance with the legal requirements laid down in the following regulations and guidance:-

- The Management of Health and Safety at Work regulations
- Personal Protective Equipment regulations
- HM Government – Working safely during Covid-19 in Restaurants offering takeaway or delivery.
- HM Government - Working safely during Covid-19 in shops and branches
- HM Government - Working safely during Covid-19 in offices and contact centres
- HM Government – Keeping workers safe during Covid-19 in restaurants, pubs, bars and takeaway services.

Recognition is given to the dynamic nature of the guidance and best practice being issued by official bodies. HSE and government advice has been reviewed as it relates to the work covered by the company. Given the current situation, the precautions and control measures listed in this assessment may be revised and issued at short notice.

When doing so the company will ensure that the latest advice is taken into account before amending any assessment.

Principles of control

The control measures put in place by the company have the sole purpose of preventing the spread of infection of the coronavirus.

This will be achieved by:-

- Minimising the work carried out during the Covid- 19 period.
- Minimising contact between people where practical, observing the distancing rules, organising work tasks and social interaction which promote social distancing.
- Minimising the handling of any merchandise tools, cash or other items which have recently been in contact with another person.

Precluding from the workplace any person who is showing or has shown in the past 7 days, signs of infection.
Providing and insisting on the use by employees of PPE.
Observing good hygienic practices as advised by the Governments health department.

All sites will adhere to any local restrictions placed upon it by the Government imposed tier system.
Any restrictions placed on the site must be adhered to and takes precedence over any mitigation and risk control measures in this assessment.
Sites deemed to be in tier 3 will remain closed.

Methods of Assessment

This assessment has been conducted having visited Bowling centres throughout the country on many previous occasions and making reference to the existing safety assessments, liaising with the company operations and commercial directors and reviewing latest government advice on infection reduction measures.

Reviews will be undertaken if:

There is significant change in the advice or best practice measures given by official departments.

There is a major incident or accident, or it becomes apparent that there are a number of minor incidents or near misses related to the works being undertaken.

There is a request by an enforcing officer or landlords management.

Where it becomes clear through evidence that the current assessment is no longer appropriate or adequate.

GENERAL CONSIDERATIONS

Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Travelling on public transport.	Team members & field-based staff who work away from home.	Team members will be discouraged from using public transport. Field-based staff will be discouraged from staying in hotels encouraging local visits and video conferencing.	Promote video conferencing and online meeting facilities.	IT and support team.	Ongoing.
Spreading infection.	Tenpin employees may affect customers and visitors to the premises. Staff may be infected from customers or others in the building.	Employees will be excluded from work if they show signs or have shown symptoms of infection in the last 10 days or have been notified to self-isolate as a result of the test and trace protocol. Team members to be issued with face coverings and shields. Disposable gloves to be supplied to each site.	Self-isolation procedures issued on Yapster to all team members. On site Tenpin management to exclude any employee or contractor who falls into the above category. All team members to wear face coverings /masks whilst at work at Tenpin. Disposable gloves are to be made available to all team members.	Team members. Individual and line management. Commercial director. Safety adviser.	Continuing until further notice.
Customer spread of infection.	Tenpin employees, customers and visitors to the premises.	Pre-booking will be preferable and encouraged. Details of all customers kept on	System to identify any infected visitors in order to instigate isolation rules as applicable in		

		<p>booking system (Wireless social). Details to be kept for 21 days minimum.</p> <p>Customer informed on the website, maximum of 6 persons. in line with government requirements.</p> <p>Tenpin website gives details of hygiene & social distancing measures to customers booking online.</p> <p>Opening times of each site to be reviewed to establish the most appropriate times to avoid Covid risks.</p> <p>Site will support the NHS Test & trace service by obtaining and displaying a unique QR number.</p> <p>Customers will actively be required to wear face coverings in line with the current government and local advice.</p> <p>Customers advised to wear own footwear unless high heels or open toed shoes.</p>	<p>line with current government guidelines.</p> <p>Meet and greet at the entrance will confirm that information on booking system is accurate and compliant.</p> <p>One member of each group to provide name and contact details.</p> <p>Sites to cease serving at 10.00pm with customers given a one hour drinking up time.</p> <p>QR code to be displayed at entrance and public to be encouraged to use phone App when entering building.</p> <p>Time to be agreed but will be in line with local official requirements and take into account any local lockdown stipulations</p> <p>Team members instructed to encourage the wearing of face coverings.</p> <p>Provision of bowling shoes offered to customer if own footwear is unsuitable.</p>	<p>Meet & greet staff.</p> <p>Operations managers.</p> <p>General manager.</p> <p>Operations manager</p> <p>Team members</p>	<p>Ongoing when open.</p> <p>Prior to opening to the public.</p> <p>Commencing 24th September.</p>
--	--	---	--	--	---

			Shoe to be left on lanes when games completed. Team member to sanitise.		
Large numbers of people on site increasing risk of close social contact.	Tenpin employees, customers and visitors to the premises.	Each site has been reviewed and a reduced capacity agreed. Calculations based on formula given in the ten pin bowling secure operating protocols Customers informed that under 18's may be refused entry unless accompanied by an adult or have prior booking.	Limits enforced by counting customers at meet and greet station. Posters and information displayed at the entrance. Team meetings and visits are to be actively discouraged and held if only absolutely essential.	Operations director. Duty manager. Managers.	Prior to opening. Ongoing when site is open.
Spread of infection between staff and outside contractors.	Tenpin staff and contractors.	Non-essential maintenance will be carried out at night or quiet trading periods.	Arrangements to be made at site.	General manager.	As necessary.
General hazards resulting from site closure.	Tenpin employees, customers and visitors to the premises.	Pest control contractors have continued servicing where required during the latest lockdown. Water systems have been flushed out in accordance with company policies. Water use food equipment tested and sanitised. Thorough clean of site before opening to the public. Sanitation of all food equipment and high risk and frequent touch surfaces.	Continue with pest control contract to monitor and proof building. Request repair of maintenance if required. Operations managers to conduct an audit inspection prior to reopening. Continuing audits to be undertaken to ensure standards remain as per company procedures.	Contract company. General manager. Operations manager. Duty manager.	Monthly or more frequently for high risk sites. As necessary. Prior to opening to the public.

		Conduct full clean of site in accordance with existing procedures.	Full daily and weekly clean as detailed in management diary and checkit system. Cleaning schedule to be recorded when complete.		
Contamination from air handling units.	Any person within the building may be adversely affected by poor air quality and filtration.	All air handling units have been reviewed to ensure they are fit for purpose and effective. Units have been deep cleaned.	Air handling units to be maintained throughout operational period as per installer and supplier recommendations.	General manager.	Ongoing.
Work patterns encourage non-distancing behaviour.	Team members.	Use of radios to communicate with colleagues will avoid the need for many face to face meetings and discussions.	Promote the use of radios and discourage face to face contact.	Duty manager.	Ongoing.
General spread of infection from contact surfaces.	Tenpin employees may be at risk if required to work in areas.	Conduct site survey and closed off any areas that are deemed to be non-essential.	Ensure areas deemed non-essential are out of bounds to staff and customers.	Operations managers & general managers.	Prior to opening to the public Ongoing checks.
Spread of infection through respiratory droplets.	Customers and team members may be at increased risk if people have to shout (or are encouraged to sing) in the venue.	Live DJ's will not be used in the venues. Machine noise will be turned down to reduce overall noise in the bowl.	Music in venues will be played as background levels. Sports events on screen will be lowered to such a level that raised voices are not need for normal communication. Gaming machines will have the volume considerably reduced to lower the overall noise level in the venue.	Operations managers. General managers.	Daily checks
Covid outbreak connected with venue.	All those who have been to the venue at the time of the infected person.	Measures are in place to close the venue to enable a deep clean and sanitation of the building.	Ensure management are aware of the procedures to be followed if the company is	Operations director.	Prior to opening.

			officially informed of a confirmed case of coronavirus associated with the site.		
Accident or emergency.	All those within the building.	Fire safety and evacuation procedures in place to safeguard people at site. First aid kits and trained persons on site to deal with accident.	Ensure First aider is on site during opening hours. First aid kits to be adequately stocked. Full PPE to be available and worn by first aiders dealing with any accident.	Duty manager.	Ongoing.
Violence and aggression.	Tenpin team members may be at risk if the public become frustrated by new measures and restrictions.	Team members trained on dealing with difficult situations. Support of team members always at hand. Radio communications available.	Reassure team that support is available and to avoid conflict situations.	Duty manager.	Ongoing.
EXTERNAL AREAS					
Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Congregation of people in close proximity.	Customers and visitors to the premises.	Tenpin to work with landlord to ensure groups do not congregate outside in car parks or outside areas & access and egress is clearly indicated. Tenpin to work with landlords to agree parking arrangements to encourage safe practices. Social distancing rules displayed.	Ongoing liaison with landlords and local businesses to monitor public and take any necessary actions to promote safety measures. Monitor outside areas and tackle action to disperse groups.	Duty manager.	As is necessary.

		Queue management system in operation outside entrance. Posters and light box displays giving information on social distancing rules.	Display QR codes.		
Infection from contaminated waste.	Any person who comes into close proximity with waste, including disposal contractor.	All waste to be placed in the designated secure area.	Waste to be disposed in sealed bags and removed from the building regularly.	Team members.	Ongoing throughout the shift.

SITE ENTRANCE

Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Spread of infection between customers.	Tenpin customers may be at risk if social distancing and hygiene measures are not followed.	<p>Full control over who enters the building at all times including adverse weather.</p> <p>Meet and greet station at entrance with door host ensuring management of customer safety.</p> <p>Sanitiser station at entrance for customer/staff use.</p> <p>Instruction given to customer on Covid rules on site.</p> <p>Disposable gloves made available for bowlers.</p> <p>Including that they may be asked to remove face coverings if requested by person in authority.</p> <p>Customers offered sanitisation wipes and face visors for use in bowl.</p> <p>Floor stickers indication customer flow through premises.</p>	<p>Ensure that host is present at all times during opening hours.</p> <p>Host to be fully competent on managing new situation and safety rules.</p> <p>Ensure adequate supplies of face masks disposable gloves and sanitiser.</p> <p>Measures will be undertaken to ensure customers who are not eating or drinking wear face coverings whilst on the premises. Allowances will be made for those members of the public who are deemed to be</p>	<p>Support staff. Operations managers. General manager</p> <p>Learning and Development team.</p> <p>Duty manager.</p>	<p>Ongoing during opening hours.</p> <p>Ongoing.</p>

			exempt in accordance with government or local guidelines.		
Restricted access for disabled customers.	Those with disabilities and their carers have the same protection from infection as all other customers and are treated equally.	Facilities on site enabling free access for wheelchairs to toilets, fire exits and escape routes, sanitisation stations.	Daily checks to be made to ensure all required areas are accessible including toilets and sanitising stations.	General managers.	Daily prior to opening.
Use of lifts to gain access or leave site.	Where use of lifts is unavoidable people may be inclined to disregard social distancing or hygiene protocol.	Close lifts where this is deemed practical bearing in mind wheelchair and pushchair access. Minimise use of lifts if practical where alternatives are suitable. Display signage on lift entrance doors detailing advised maximum capacity accounting for social bubbles and loading limits. Team to carry out regular sanitising of high contact points, buttons door edges and rails.	Operations manager and General manager to review use of lift Enhanced cleaning regime to be put in place to sanitise high risk areas. Post signage advising customers to wear face masks when in lift. Consider use of floor stickers to indicate position of persons. Four per lift journey.	General manager. Operations manager. Building manager if applicable.	Prior to opening to the public. Ongoing when open to the public.

RECEPTION

Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Spread of infection between team members and customers at	Team members may come into close proximity to customers or handle contaminated surfaces.	Queuing system is in place at all reception areas, promoting social distancing and advising customers of required precautions. Physical screens in place at till points. Sanitiser on reception for use by team member and customers.	Staff to be instructed on Covid safety procedures to be followed. Full sanitation of the reception area at the end of each shift Bowling shoes to be visibly sanitised before and after every	Learning and Development.	Prior to opening to the public. Ongoing whilst open to the public.

reception area		All non-essential items removed from reception area. Cleaning program is in place to ensure sanitisation. Floor stickers indicating social distancing measures.	use. High contact areas to be sanitised on a regular basis during opening hours.		Regularly throughout the shift.
LANES					
Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Public uneasy about playing within 1m of other groups.	Members of the public may be uncomfortable about playing in lanes next to other social groups. Spread of infection if social distancing is not maintained	Physical barriers (permanent screens) have been erected to allow people to play in adjacent lanes without the risk of spreading infection.	Team members to be briefed on the measures being taken at the lanes so this can be passed onto the customer prior to bowling.	Operation managers and GM's Senior management team Safety adviser.	As required Consideration and implementing in selected sites Oct 2020
Lack of adherence to social distancing	Customers who are bowling may come into close contact with other groups.	Where lanes are in pairs sharing the same ball return they will be designated blue or red. Upon issuing balls to a group, they will be sanitised and marked with visible stickers to show which balls have been allocated to which lane. Maximum of 6 in a social bubble. Physical barriers (permanent screens) have been erected to allow people to play in adjacent lanes without the risk of spreading	Signage to be posted on all closed lanes indicating non-use. Keyboards, touch screens seating and balls to be sanitised after every game. Monitoring of lanes to ensure that social distancing rules are adhered to. Any local restrictions placed on the local must be adhered to and takes precedence over any	Duty manager. Team members. Team members.	Ongoing when open to the public.

		infection.	mitigation and risk control measures in this assessment. Lanes to be monitored by team to ensure rules are being adhered to		
Lack of adherence to social distancing	Customers who are bowling may come into close contact with other groups.	Chairs to be arranged with some closed to promote distancing between groups. Bowling groups limited to social bubble, maximum of 6 persons. Consoles to be taken out of use to avoid multiple contact by customer and promote distancing by two groups.	Area to be supervised by team member to ensure protocols are being adhered to by public. Screens may be fitted to lane approaches to segregate groups at the lane approaches and seating area if this is considered to be appropriate.	Duty manager. Team members. Team members.	Ongoing when open to the public.
Virus spread by contact with bowling balls	Players may be infected if they are handling balls that have been previously handled by others from outside the social bubble	Each group of players in the same bubble will be allocated a labelled ball for sole use if shared ball returns are used. Balls to be sanitised after each group use.	Staffing levels to reflect the additional sanitising of balls.	General Manager	Ongoing
Spread of infection airborne droplets	Increased risk if people are allowed to consume food and drink in the lane approach area with added caveat of not having to wear face coverings.	Face coverings to be worn at all times in the venue unless exempt by guidance or local restrictions or are eating or drinking	Team to monitor and enforce rules on face masks and consumption of food and beverages. Team to be briefed on new rules. Staff may challenge the age stated by customers and refuse entry if obviously over the stated exemption age of 16 however age proof will not be insisted.	Team members	Ongoing

			The team should be instructed on the latest company procedures for challenging customers for Track and Trace and mask wearing.		
Contact with frequently touched surfaces	People may come into contact with hard surfaces which may have been touched by others.	Additional sanitation of all hand touch surfaces after games. Sanitation of seating and tables, ball returns and ball ramps after each group's use.	Sanitation sprays and wipes on hand for staff and public use.	General manager	Ongoing
Multiple person contact with balls if ball returns service more than one usable lanes.	Customers from outside their bubble who are bowling on adjacent lanes may handle the same ball.	Where ball return feeds more than one usable lane balls will be marked with colour codes that have been allocated to the specific lane	All team members to be informed of the correct, safe management of lane opening and of any additional procedures required to be put in place.	Operations managers. GM's	Ongoing.

GAMES AREAS

Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Infection from surfaces.	Customers playing gaming machines which have high contact surfaces.	High contact surfaces will be sanitised frequently throughout the day. Customers have been issued with sanitiser wipes for personal use.	Ensure program is in place enabling enhanced cleaning of machines. Mobile team member on hand in games area to sanitise machines on a regular basis or at the request of a customer. Enhanced cleaning regime to put in place to include balls, cue's, triangle and other high contact surfaces.	Duty manager.	Ongoing.

			Sanitisation wipes available for games users on request.		
Poor social distancing.	Customer using gaming machines.	<p>Under 18's may be refused entry unless accompanied by an adult or have prior booking.</p> <p>Signage on games promoting the social distancing rules.</p> <p>Pool tables and table tennis tables will be rearranged or alternate tables taken out of use to promote 1m+ distancing rule. Where 1m+ rule cannot be attained enhanced cleaning to take place.</p> <p>A boards located in area promoting social distancing.</p> <p>Games machines to be relocated to attain 1m+ distancing where practical.</p> <p>Enhanced sanitisation will be employed and users made aware of personal hygiene measures by use of notices and stickers.</p> <p>Sanitation stations will be positioned in games area.</p>	<p>Where practical distance machines to encourage 1m+ rule.</p> <p>Clearly visible stickers to be located on each gaming machine, change machine and ATM providing social distancing information and requesting wearing of masks.</p> <p>Staff supervision of the games area to promote new rules and assist in sanitising as necessary.</p> <p>Promote social bubble restrictions on multiple player games machines.</p>	<p>Operations managers.</p> <p>General managers.</p>	Prior to opening to the public.
Multiple handling of pool cues and bats.	People playing games are at risk of becoming infected from cues, bats etc.	<p>Pool cues table tennis bats and balls will be in situ with sanitiser wipes issued to customers on request. All will be sanitised at the end of the day.</p> <p>Sanitiser to be available for sanitising of hockey and ball use games.</p>	<p>Mobile team member available in games area to sanitise machines on a regular basis or at the request of a customer.</p>	Duty manager.	Ongoing whilst open to the public.
Contamination	Customers using VR games are	The VR equipment will be manned	Take necessary local measures	Duty manager.	Ongoing.

via VR equipment.	at risk of infection from headsets wrist sets and surfaces.	whenever it is available for public use. All staff to wear face masks whilst attending the game and dealing with the public. Sanitiser station to be sited nearby for use by public. Sanitiser wipes to be available for public playing the game. All touch points of the equipment to be sanitised after each game. This includes any helmet and hand sets. Single use face masks to be issued to player for wearing beneath head sets.	to prevent children climbing on machines when not in use. Staff to be trained on correct sanitising procedures. Team member to have minimal close contact with any customer.	Team member.	
Contamination by balls in "Ball Madness" machines	Balls that fall onto and may be handled by customers may spread contamination to other users if precautions are not taken.	A UV unit will be fitted to the machine which will sanitise the balls in the upper chamber when the machine is not being used between games.	Balls will be rotated every 72 hours and all touch points to be sanitised inside and outside the cabinet as part of the general cleaning and sanitation regime.	Team members	Ongoing
Spread of infection form use of Karaoke pods.	Customers may be at risk of infection if precautions are not taken.	Use of pods restricted to pre-booking when individual details can be taken and recorded for rack and trace if required. Booking restricted to 6 in social bubble per pod. Seating inside pod restricted to facilitate maximum numbers. Sanitising station positioned at entrance to pods. Suitable posters offering advice on social distancing and hygiene requirements displayed in pods.	Removal of any excess seating in pod. All equipment and seating to be sanitised prior to and after use. Sanitising wipes made available to customers. Monitoring of use to ensure distancing is being adhered to	Team members	Prior to use.

		Enhanced sanitisation and cleaning procedures in place.			
Contamination from coin operated VR machines	Customers may spread infection and become contaminated if precautions are not taken to sanitise and restrict use of VR machines.	A sanitisation station will be placed adjacent to each machine. Foam inserts made available for each customer. Disposable face coverings available to be used with headgear. Instructions on use of sanitiser and need to clean head gear displayed for each customer.	Masks to be made available within the machine. Sanitiser to available at the machine.	General Manager	Ongoing as the machine is open to use by public.
BATFAST.					
Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Spread of infection from handling equipment.	Customers may be at risk from handling helmet, bat and touch screen.	Helmet and bat will be stored away from public until requested. Equipment will be sanitised before and after each game. Touch screen will be sanitised after each use. A ball "hoover" to be used to collect balls.	Customers to be given sanitiser wipes on entry to use as required. Ensure team members are aware of the need to sanitise equipment and screens. Stray balls to be sanitised after handling by team member.	Management team.	Ongoing when open to the public.
Customers coming into close proximity	People may congregate in the play area.	Notices posted warning of distancing advice.	Only one person permitted in play area at any one time.	Management team.	Ongoing when open to the public.

with each other.		Booking in advance to ensure maximum permitted numbers playing game are not exceeded.			
------------------	--	---	--	--	--

FOOD AND DRINK SERVICE.

Hazards	Who might be harmed and How	Control actions being Taken	What needs to be done	Action by	Dates of completion
Customers not adhering to social distancing rules.	Customers may be at risk of spread of infection if they do not observe distancing rules.	<p>A queuing system is in place to encourage social distancing with waiting to be served notices.</p> <p>Food service will be restricted. table service only unless allowed by government/local guidance.</p> <p>Where a site is within a tier 3 area alcoholic drinks can only be served with a substantial meal.</p>	<p>Queuing system to be managed. Ensuring adherence. Table service only to be implemented unless local or national guidance allows ordering in venue. In which case face coverings must be worn when not seated. Customers to be encouraged to order food via the App</p> <p>A maximum of 4 alcoholic drinks can only be ordered with a substantial hot meal (e.g. burger and chips, NOT a packet of crisps). Team members to be briefed on the new restrictions and on-line ordering service to advise customers at the point of booking.</p>	<p>Team members and managers.</p> <p>Team members and managers.</p>	<p>Ongoing.</p> <p>Ongoing for the duration of tier allocation</p>
Spread of infection.	Risk of infection of team member if customers are in close proximity.	Hand sanitiser station positioned at each servery area.	Ensure screens are in place and functional. Team members to wear face	Operational managers. General managers.	Prior to opening to the public.

		Perspex screen positioned at each till point.	shields/coverings		
Spread of infection.	Risk of contamination of surfaces and items handled multiple times and hygiene standards are poor.	Non-essential items to be removed from kitchens prior to operation. Daily cleaning schedule to be adhered to with enhanced sanitation of high use and high contact surfaces in the kitchen and storage areas.	Team members to be made aware and adhere to enhanced cleaning and sanitation policies.	General manager.	Ongoing whilst in operation.
Spread of infection.	Risk of contamination of surfaces and items handled multiple times.	Cleanable menu's to be issued to all sites Provide single use condiments to sites. Web-based ordering app to be encouraged to reduce queues when food ordering. Media and advertising to promote cashless payment. Cashless limit increased to £45 to encourage use.	Condiments and cutlery to be removed and only issued with meal on request. Menus to be thoroughly sanitised after each use by a group of customers Single use condiments in sachets to be issued. Customers to be served with drinks in a designated area on bar. Take away trays to be used. All meals to be served on tray to customer with social distancing protocol observed. Customers encouraged to pay by cashless system throughout the venue. Clearly marked area where kitchen prep team leave prepared food thus reducing team member contact. Bar and food prep areas to be fully cleansed and sanitised at	Team members. General managers.	Ongoing. Ongoing when open to the public.

			the end of each shift. Ongoing sanitisation of high contact or food contact surfaces to take place throughout the shift. Team members are not permitted to prepare their own food in the kitchens (staff food from menu permitted).	Team members.	
Spread of infection.	Risk of spread of infection if social distancing is impracticable in the kitchen and prep areas.	Limit kitchen access to as few people as is necessary. Minimise access to walk in storage areas, freezers, and fridges. Space working areas to maintain social distancing. Minimise contact at handover points. Minimise interaction between team members.	Work to be organised at site to maximise safe procedures and minimise social contact.	Operations managers. General managers.	Prior to start up of operation.
Spread of infection.	Risk of spread of infection if social distancing is impracticable in the seating areas.	Tables to be reorganised or certain areas taken out of use (Out of use stickers) to ensure the promotion of social distancing. 1m between social groups.	Plan to be agreed and implemented Monitor to ensure customers are not abusing the rules and moving furniture.	General manager.	Prior to opening Throughout the day when open to the public.
Spread of infection.	Multiple handling of sweets in sweet dispensers may lead to contamination.	Beaver machines to be converted to dispense single toy capsules. Where this cannot be achieved, they will be taken out of use until conversion.	Beaver machines to be sanitised inside converting and then externally before opening each day. Frequently in high use sites.	Management team.	Prior to opening to the public Throughout the day.
Food borne illness	Consumers may become ill if food or drink is not of the quality and standard required.	Some low risk food items may be given an extended shelf life (sell by) if this is deemed to safe, has been sanctioned by the supplier and have been accepted by the safety adviser Items may include	Site team to ensure that all food and drink items are within there sell by date by frequent checking as recording as per the company procedures. Where approved extensions	Management team	Prior to reopening and on going.

		post mixes for drinks.	have been approved relabelling should be undertaken.
